Transportation Authorization 2019-2020 [www.standrews-school.org](http://www.standrews-school.org)

In the interest of the safety and welfare of your children, and as required by law, we must know the transportation arrangements for your child. Please list below the name, address and phone number of anyone who may pick up your child at school. If for any reason (for example, a play date or change of plans), someone not listed on this form will be picking up your child, we must have a note in writing before dismissal time. A phone call with a confirming email will serve as written documentation for dismissal.

**This form must be signed and returned even if no one other than parents are authorized to pick up your child.**
